This policy is to provide for the relief from 'district wide uniform rates' for ratepayers in respect of rating units that have two or more separately used or inhabited parts, where one or more dwellings are less than 65 square meters.

A 'district wide uniform rate' refers to the Uniform Annual General Charge (UAGC) and targeted rates for the Makino Aquatic Centre and Library, and the Roding uniform targeted rate and the Parks, Reserves and Sportsgrounds uniform targeted rate.

One full 'district wide uniform rate' must be paid on the rating unit, with a 35% remission applying to each subsequent 'set of rates' for dwelling's that fit with this remission criteria.

Applications must be received prior 30 September of the rating year. Applications received after this will have the remission applied to the next rating year. Applications will not be applied retrospectively.
