# Gambling Venues Policy

## 1. Introduction

1.1.1 This Policy is prepared under Section 101 of the Gambling Act 2003 and Section 96 of the Racing Industry Act 2020. This legislation requires all territorial authorities to adopt policies on Class 4 gambling venues (gaming machine sites) and TAB venues, and to review those policies at least every three years. The Manawatū District Council's Gambling Policy was originally adopted by Council on 1 April 2004. This Policy replaces the Gambling Venue Policy that was made operative on 22 February 2018 and will take effect from 2 September 2021.

1.1.2 The Gambling Act and Racing Industry Act give Councils the ability to limit the number of venues and gaming machines, having regard to the social impact of gambling in the District. In relation to a Class 4 gambling venue, a corporate society is required to apply to the Manawatū District Council for consent in the following circumstances:

- To increase the number of gaming machines that may be operated at a Class 4 venue
- To establish a new Class 4 venue where a licence has not been held by any corporate society for the venue within the last 6 months; or
- To change the venue to which a Class 4 venue licence currently applies.

1.1.3 Council consent is part of the licensing requirements of the Department of Internal Affairs.

1.1.4 In accordance with s93 of the Racing Industry Act 2020, a consent is required from the Manawatū District Council (Council) if TAB NZ (TAB) proposes to establish a TAB venue within the Manawatū District.

## 2. Purpose of These Acts

### 2.1. The Gambling Act 2003

2.1.1. The Gambling Act has eight purposes, with Councils being given the ability by Parliament to assist in achieving four of these, namely:

- Controlling the growth of gambling
- Preventing and minimising harm from gambling, including problem gambling
- Facilitating responsible gambling

- Facilitating community involvement in decisions about the provision of gambling.

## **2.2. The Racing Industry Act 2020**

2.2.1. The purpose of the Racing Industry Act 2020 is:

- to provide effective governance arrangements for the racing industry; and
- to promote the long-term viability of New Zealand racing; and
- to facilitate betting on galloping, harness, and greyhound races, and other sporting events; and
- ensure that the value of racing property is retained in the industry and is used for maximum industry benefit; and
- prevent and minimise harm from gambling conducted under this Act, including harm associated with problem gambling.

## **3. Objectives of this Policy**

1. This Gambling Venue Policy has the following objectives:
2. To provide the Manawatū District Council and the community with influence over the location and operation of Class 4 gambling venues and TAB venues within the Manawatū District.
3. To provide opportunities for people to participate in machine gambling and betting on galloping, harness and greyhound races and other sporting events within the Manawatū District
4. To ensure that the local community may continue to access funding from the proceeds of Class 4 gaming in the District

## 4.2. Permitted Locations

Consequently, the existing Zone provisions referred to in clauses 4.2.3 and 4.2.4 below may be updated, modified or deleted.*

*Prior to Plan Change 46 (PC46) the District Plan did not specifically provide for Class 4 gambling venues in the Village Zones but such facilities were generally provided as part of a “tavern,” “place of assembly” or “restaurant.” The definition of “place of assembly” was replaced by “Community Facilities” and the definition of “Restaurant”<sup>3</sup> was been replaced by “Entertainment Facilities” through PC46.*

*The District Plan definition of “Entertainment Facilities” includes “casino and electronic gaming facilities.” However, the operative rules in the Village Zone have not yet been amended to reference these new definitions that were introduced through PC46. The Village Zone Rules will be reviewed through Plan Change A, with consultation scheduled for 2021.*
