

Application for Extension of Time

Building consent extension application

How it works

You need to start your building work within 12 months of receiving your building consent, or your consent will lapse. If you need an extension, talk to Manawātū District Council before the 12-month timeframe is up. If the consent has lapsed and you still want to do the work, you will have to re-apply for consent.

How to submit your application

Submit in hard copy to Customer Service at 135 Manchester Street, Feilding, email building@mdc.govt.nz, or submit electronically through Objective Build.
