FORM 9A – APPLICATION FOR PERMITTED BOUNDARY ACTIVITY

Section 87BA, Resource Management Act 1991

(Effective from 18 October 2017)

Notes for the applicant

Use this form for a permitted boundary activity where written approval has been given by the affected neighbour(s). It gives us your contact information, details about your proposal, written approval details and a checklist to help you with your application. If you have any questions, email planning@mdc.govt.nz or phone us on 06 323 0000.

Send the completed application or hand it to us at

Resource Consents
Manawatu District Council
Private Bag 10 001, Feilding 4743
135 Manchester Street, Feilding

GENERAL DETAILS

This application is for a permitted boundary activity. To comply as a permitted boundary activity you must provide the following:

- A description of the activity
- A plan (drawn to scale) of the site at which the activity is to occur, showing the height, shape and location on the site of the proposed activity
- The full name and address of each owner of the site
- The full name and address of each owner of the allotment with an infringed boundary
- Written approval from each owner of an allotment with an infringed boundary, including their signatures on the plan

The decision is to be emailed
 to be posted

I/we wish to receive correspondence by post only

Was there any pre-application/discussion with a Council Officer prior to this application being filled out?

Yes No Please state officer: _____

Site Description

House Number and Street Name: _____

Town: _____

Legal Description: _____

Title Reference Number: _____

Is this property subject to inundation? Yes No

Please attach any advice received from Horizons Regional Council regarding inundation and your proposal.

You can find out if Horizons has identified your property as being subject to inundation here:

<http://www.horizons.govt.nz/keeping-people-safe/emergency-management/regional-hazards/flood-plain-mapping/>.

APPLICANT DETAILS

Full Name: _____

Email Address: _____

Contact Phone Number: _____ Mobile: _____

Postal Address: _____

Preferred method of communication: Email Post *If left blank Council will communicate via email*

Please advise with whom Council should communicate with about your application: Applicant Agent

If left blank Council will communicate with the applicant and the agent.

Ownership/Occupancy: *Please tick the appropriate box*

Owner Occupier Lessee Prospective Purchaser Other (please specify) _____

OWNER DETAILS

Preferred method of communication: Email Post *If left blank Council will communicate via email*

SITE VISIT

In order to assess your application it will generally be necessary for the planning officer to visit your site. This typically involves an outdoor inspection only, and there is no need for you to be home for this purpose.

Are there any locked gates, security systems or anything else restricting access by Council staff? Yes No

Are there any dogs on the property? Yes No

Are there any other health and safety issues Council staff should be aware of before visiting your site? Yes No

If yes, please provide details so Council staff can take the necessary precautions:

Do you require notice prior to the site visit (e.g. if the property is tenanted)? Yes No

*If this question is left blank Council will **NOT** contact you prior to the site visit being undertaken.*

NATURAL HAZARDS

Would the land, or any structure on the land, for which consent is sought, be or is likely to be subject to any of the following natural hazards listed below: Yes No

Earthquake Sedimentation Fire Subsidence

Tsunami Wind Erosion Landslip

Volcanic and geothermal activity Drought Flooding

If **NO** to the above question, no further consideration is required. If **YES** to any of the above question, you are required to provide an assessment in relation to Natural Hazards the Resource Management Act 1991. If you do not feel confident in completing this assessment, please contact a suitably qualified professional.

The assessment of the natural hazard must consider the following:

- What is the likelihood of natural hazards occurring (whether individual or in combination)?
- What is the material damage that would result from the natural hazards to land where the consent is sought, other land, or structures?
- Is there any likely subsequent use of the land where the consent is sought that would accelerate, worsen, or result in material damage of the kind referred to in the previous point?

NATIONAL ENVIRONMENTAL STANDARDS: MANAGING CONTAMINANTS IN SOILS

- 1 Is an activity described on the HAIL list currently undertaken on the piece of land to which the application relates?
 No Yes – please indicate on the list below
- 2 Has an activity described on the HAIL list been undertaken on the piece of land to which this application relates?
 No Yes – please indicate on the list below
- 3 Is it more likely than not that an activity described on the HAIL list been undertaken on the piece of land to which this application relates?
 No Yes – please indicate on the list below

HAIL Activities (in general)

- | | |
|---|---|
| <input type="checkbox"/> Chemical manufacture, application & bulk storage | <input type="checkbox"/> Electrical & electronic works, power generation & transmission |
| <input type="checkbox"/> Explosives & ordnances production, storage & use | <input type="checkbox"/> Metal extraction, refining and reprocessing, storage & use |
| <input type="checkbox"/> Vehicle refuelling, service & repair | <input type="checkbox"/> Cemeteries & waste recycling, treatment & disposal |
| <input type="checkbox"/> Sports or recreational grounds | <input type="checkbox"/> Mineral extraction, refining & reprocessing, storage & use |
| <input type="checkbox"/> Any land that has been subject to the migration of hazardous substances from adjacent land in sufficient quality that could be a risk to human health of the environment | <input type="checkbox"/> Any other land that has been subject to the intentional or accidental release of a hazardous substance in sufficient quality that it could be a risk to human health of the environment. |

If **NO** to the above question, no further consideration is required. If **YES** to any of the above question, the following must be considered:

If **YES** to any of the above activities, then the NES for Assessing and Managing Contaminants in Soil to Protect Human Health is likely to apply, and you are required to provide an assessment in relation to the NES.

For more information on this process please contact the Duty Planner on 06 323 0000 or go to the Ministry for the Environment website:

Assessment under the NES is attached

THE PROPOSAL

- | | | |
|--|-----------------------------|------------------------------|
| Does the property have any existing resource consents? <i>(If YES please provide a copy of decision)</i> | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| Does your proposal require any additional consents from Horizons Regional Council? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |
| If YES , have you applied for this consent? | <input type="checkbox"/> No | <input type="checkbox"/> Yes |

Describe what is to be carried out on the site and how it does/does not comply with the rules in the Manawatu District Plan: *(please use additional pages if required)*

ASSESSMENT OF EFFECTS

You MUST complete this section. If this section is not completed your application will not be accepted.

An assessment of Effects is required by the Resource Management Act. The level of detail should correspond with the scale and significance of any actual or potential effects on the environment if the activity took place.

If you do not feel confident in completing this section, please contact a Planning Consultant.

WRITTEN APPROVAL

I/We have consulted and obtained the written approval of the following persons adversely affected by the proposal

Please attach original signed written approval forms to this application
